

2016 Student Days Program

Student Days is a two day event that provides students and educators with exclusive access to the material handling, logistics, and supply chain industry. It includes presentations, facility and trade show tours, and networking opportunities. Wednesday is Classroom Day, and Thursday is Facility Tour Day. Student Days is sponsored by the College-Industry Council on Material Handling Education, MHI's Career & Technical Education program, the Material Handling Education Foundation and the Material Handling Equipment Distributors Association.

You must apply online [here](#) before March 1, 2016 to participate. Space is limited, so apply today!
